# How to Pick a Hinge

Hickory Hardware® hinges accommodate a wide range of cabinet styles.

## 1. General Guidelines

Replacement	Hinge Quantity	Face Frame & Frameless	Overlay & Inset
To update the finish, choose the same style.	2 Hinges: up to 35" door height 20 lbs.	Face Frame - cabinet style in which there is a frame around or behind the door or drawer.	Full Overlay - the door overlays or covers the cabinet end panel.
New holes in the cabinet might be required if the style is not the same.	3 Hinges: up to 63" door height 20-40 lbs.	Frameless - cabinet style in which there is not a frame around or behind the door or drawer.	Half Overlay - the cabinet door covers approximately half of the cabinet end panel.
	4 Hinges: up to 78" door height 40-60 lbs.		Inset - the cabinet door is inset or flush with the cabinet face.
	5 Hinges: up to 94" door height 60-80 lbs.
